

| WDFW LANDOWNER INCENTIVE PROGRAM PRIORITIZATION CRITERIA FOR 2004- 2005   |  |  |                   |                   |
|---|--|--|-------------------|-------------------|
| 1. Number of LIP species at risk that will benefit from project   |  |  | 30 points maximum | Applicant's Score |
| CHOOSE ONE  | A  | 0  | 0 points          |                   |
|   | B  | 1-2 species  | 10 points         |                   |
|   | C  | 3-4 species  | 20 points         |                   |
|   | D  | ≥5   | 30 points         |                   |
| 2. Project benefits species with federal or state status  |  |  | 30 points maximum | Applicant's Score |
| CHOOSE ONE  | A  | State or federal candidate, State sensitive, or federal species of concern:  | 5 points          |                   |
|   | B  | State or federal threatened  | 20 points         |                   |
|   | C  | State or federal endangered  | 30 points         |                   |
| 3. Significance to overall objective/Likelihood of success/short vs. longterm benefits (overall measure of science behind project to be determined by internal WDFW science review panel) |  |  | 60 points maximum | Applicant's Score |
| ASSIGN SCORE  | WDFW science panel will assign score from 0-60 |  | 0-60 points       |                   |
| 4. Perpetual Easement or Duration of LIP agreement  |  |  | 20 points maximum | Applicant's Score |
|   | A  | 10 years   | 0 points          |                   |
|   | B  | 15-25years   | 5 points          |                   |
|   | C  | >25 years  | 10 points         |                   |
|   | D  | Easement in perpetuity   | 20 points         |                   |
| 5. Does the project fall within a WDFW LIP focus area?  |  |  | 20 points maximum | Applicant's Score |
|   | A  | Project fall within the Skagit watershed   | 5 points          |                   |
|   | B  | WDFW LIP focus area  | 15 points         |                   |
| 6. Project implements broader scale conservation planning effort at the State or regional level   |  |  | 20 points maximum | Applicant's Score |
|   | A  | Project type not identified in a planning document   | 0 points          |                   |
|   | B  | Project type is identified in a general planning document, such as North American Waterfowl Management Plan, Partner in Flight, County habitat and open space plan and/or Washington Natural Heritage Plan                                 | 10 points         |                   |
|   | C  | Project is identified as a high priority in a site specific planning document or research paper, such as habitat limiting factors analysis, lead entity salmon recovery strategy, habitat conservation plan and/or a species recovery plan | 20 points         |                   |
| 7. Partnerships/public involvement/onsite research  |  |  | 10 points maximum | Applicant's Score |
| CHOOSE ONE  | A  | None   | 0 points          |                   |
|   | B  | Local entity/conservation organization etc. is project partner   | 10 points         |                   |
| 8. Amount of non-federal funding contribution above 25%   |  |  | 10 points maximum | Applicant's Score |
| CHOOSE ONE  | A  | 25%  | 0 points          |                   |
|   | B  | 26-45%   | 5 points          |                   |
|   | C  | >45%   | 10 points         |                   |
